WHY POPCORN?

Because the profit margins are truly incredible!

**1 Sack Raw
Popcorn at
£25**

**Makes 700
1oz
portions**

£25 -> -> £700!

Take a bag of raw popcorn, costing typically £25 - This makes 700 1-oz popcorn portions, that can easily sell for £1 each! - Yes! - by selling just over half a bag, you have paid for the machine!

An ideal 'cash-machine' - suitable for markets/boot sales, schools, charities, promotions, bars, corner shops, seaside kiosks and more.
